

Motion Sensor Mobility Monitoring

Features:

- ✓ Chime Alert
- ✓ Adjustable alert volume
- ✓ Use for bedsides, hallways and doorways

Also available:

TL-5102MP
Motion Sensor and Pager System

TL-2700
Stand Alone Motion Sensor Monitor

Unobtrusive Monitoring

Maintain effective awareness of resident activities without the use of pressure pads, floor mats or pull-string devices.

Wireless Operation

No hard wiring between monitor and motion sensor.

Eliminate In-Room Alarm Noise

Monitors may be placed outside resident's rooms and the alert volume is adjustable.
