

# Know Before They Get Up

## Features:

- ✓ Large, red button is easy to locate and release with one finger
- ✓ Hook & Loop, quick release chair belt is suitable for residents with low dexterity
- ✓ **Adjustable length** belts, 20" to 54"
- ✓ Metal ends for secure installation

## Also works with:

TL-2100 Series Monitors

Caregiver Paging

Pager Case

Economy Central Monitor

## Early Warning

Chair belts alert caregivers immediately when the buckle is opened – before the resident gets up.

## Non Restraining

Chair belts open easily and do not limit resident's freedom of movement.

## Musical Alert

Optional alert tone on Smart fall monitors won't startle residents.
